

## PRO TIPS

It can be tough for some would be RAMBO's, if your finding some levels or sections particularly hard, have a look through our pro tips. These will help with those more difficult encounters.

### In a jam?

It's often quicker to switch to your secondary weapon rather than wait for a reload jam to clear.

### Splash Damage

Some enemies have explosive weapons such as Grenades or Flamethrowers with good timing it's possible to use these enemies to your advantage....

### Quick Draw

Look for clusters of enemies and eliminate them to quickly reduce damage threat and achieve chain kills.

### The Missing Link

Killing incidental background enemies can considerably increase your score & chain kills.

### Wrath Replenish

Target explosive environment objects to take out surrounding enemies and boost your Wrath Bar and chain kills.

### Time Wasters

Ammunition is unlimited during Wrath mode, use it in emergencies to avoid a reload.

### Demolition Dummy

Destroying environment elements can help boost your multiplier & score.

### Divide & Conquer

Use the different lines-of-site afforded by cover to eliminate enemies in order of threat level.

### Know thy Self

Tailor skills and perks towards your personal in game goals.

### Perfect Pair

For best results think of how your skills and perks will interact during gameplay.

### Over Steer

In the options menu you can tweak the aiming sensitivity and type.

### Don't Delay

Some times your enemies will be behind destructible cover which you can blast through.

### Reload Rhythm

Keeping your Reload Combo going throughout a level can be the difference between 2 or 3 stars.

### To use or not to use

Use your limited supply of special equipment in areas where you can maximise efficiency.

### QuiTE a surprise

In many of Rambo's missions QTEs will be sprung upon him. 'Perfect' ratings will maximise your score.

### The Lay of the land

Knowing the best places to reload or to start a kill chain combo is key to a high score.

### The Wrath Time

Wrath Mode can be a helpful tool to link chain kills between encounters.

### Through the Magnifying Glass

Because of the spread effect of machine guns when spray firing if can be more effective to kill the furthest enemies first.

### Quick Change

When going for maximum kill chains, it's faster to swap to your side arm than try and reload your main weapon.
